Summary

Software Engineer and Cybersecurity Specialist with full-stack expertise in building secure, scalable, and resilient systems. Experienced in backend architecture, cross-platform applications, and integrating security throughout the development lifecycle. DevOps-inclined, with a focus on automation, reliability, and performance. Passionate about leveraging AI to enhance efficiency, security, and intelligent digital solutions.

Professional Experience

Konza Technopolis Development Authority

DevOps Intern- ISCS Department (Placed by ICT Authority, PDTP Program) | Jan 2026 – Present

Contributing to the development and lifecycle management of enterprise systems, overseeing processes from inspection and requirements analysis through development, testing, deployment, and operational support. Supporting DevOps practices to ensure system reliability, automation, and continuous improvement across environments.

Ministry of Roads, Public Works and Transport

ICT Attachment Attaché - ICT Department, Kitui County | May 2024 – July 2024

Gained practical experience supporting government ICT infrastructure by delivering end-user support and training, troubleshooting hardware, software, and network issues, assisting in system design and database maintenance, and ensuring accurate data capture and validation.

Education

BSc Computer Science, Second Class Upper Honors - Egerton University (2025)

Kenya Certificate of Secondary Education (KCSE), Grade B+- Kyuso Secondary School (2021)

Key Achievements

Huawei ICT Competition 2024–2025 – Innovation Track

1st Prize – Sub-Saharan Africa Regional Finals | 3rd Prize – Global Finals (Shenzhen, China)

Led backend and mobile development for an AI-driven smart solution, representing Kenya at the global finals and contributing to a scalable, secure system addressing real-world challenges.

Skills

Technical: UI/UX Design (Figma) | Frontend & Mobile Development | Backend Engineering | REST APIs | SQL & NoSQL Databases | Secure System Design | DevOps Practices | JavaScript & Python & PHP

Soft: Team Collaboration | Critical Thinking | Innovation | Mentorship

Certification(s)

Certified In Cybersecurity (CC)- (ISC)² | January 2025
